

USER TESTING

Task: How to create a group Goal

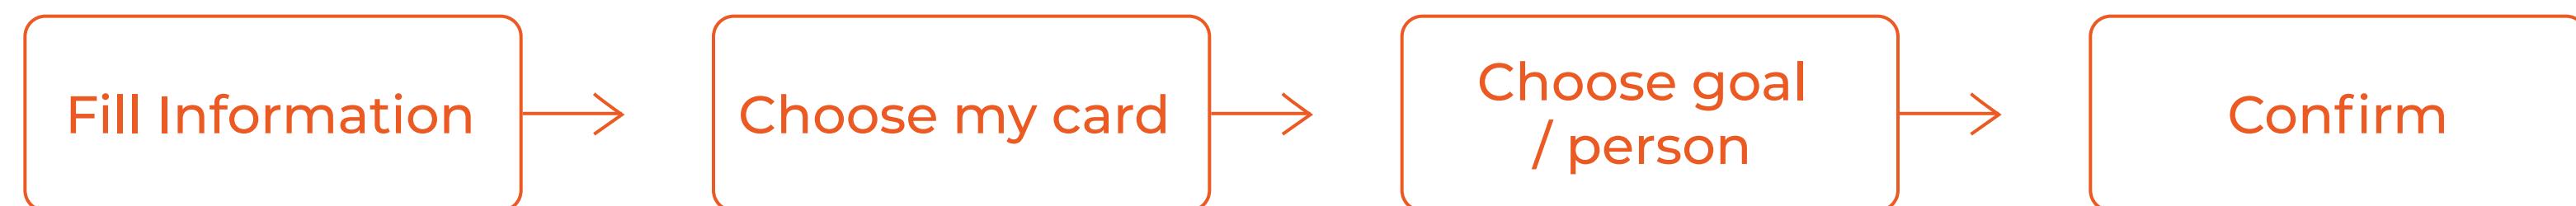

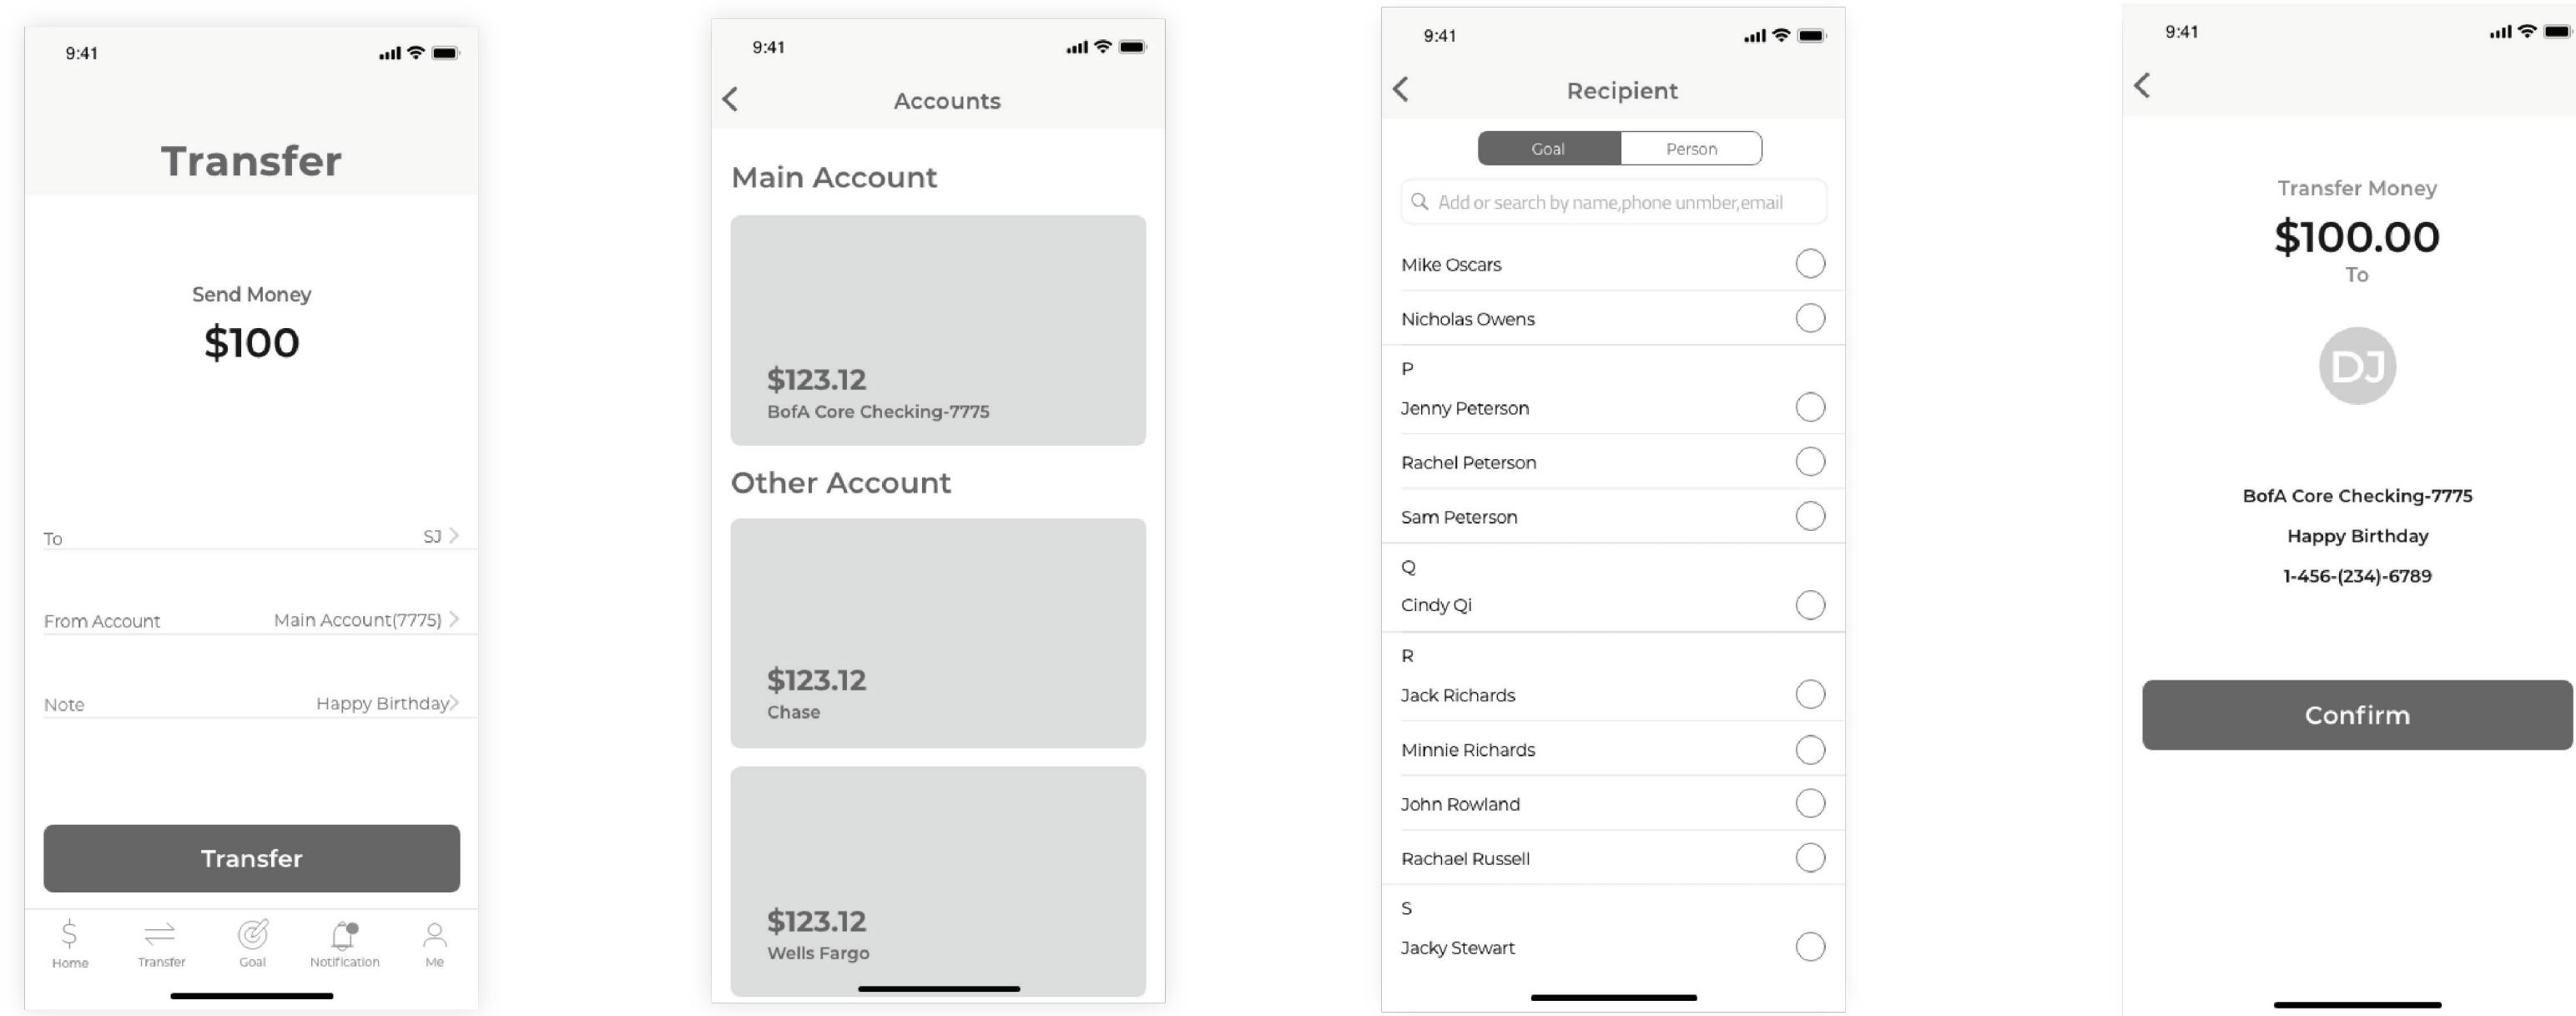

Confusion/Suggestion

- Invitation contact list should narrow down to only have the contact which already using lettuce
- The contact list looks too much similar as iPhone system
- After creating a new goal, add money should be easier than transfer steps.

USER TESTING

Task: Transfer money to a person

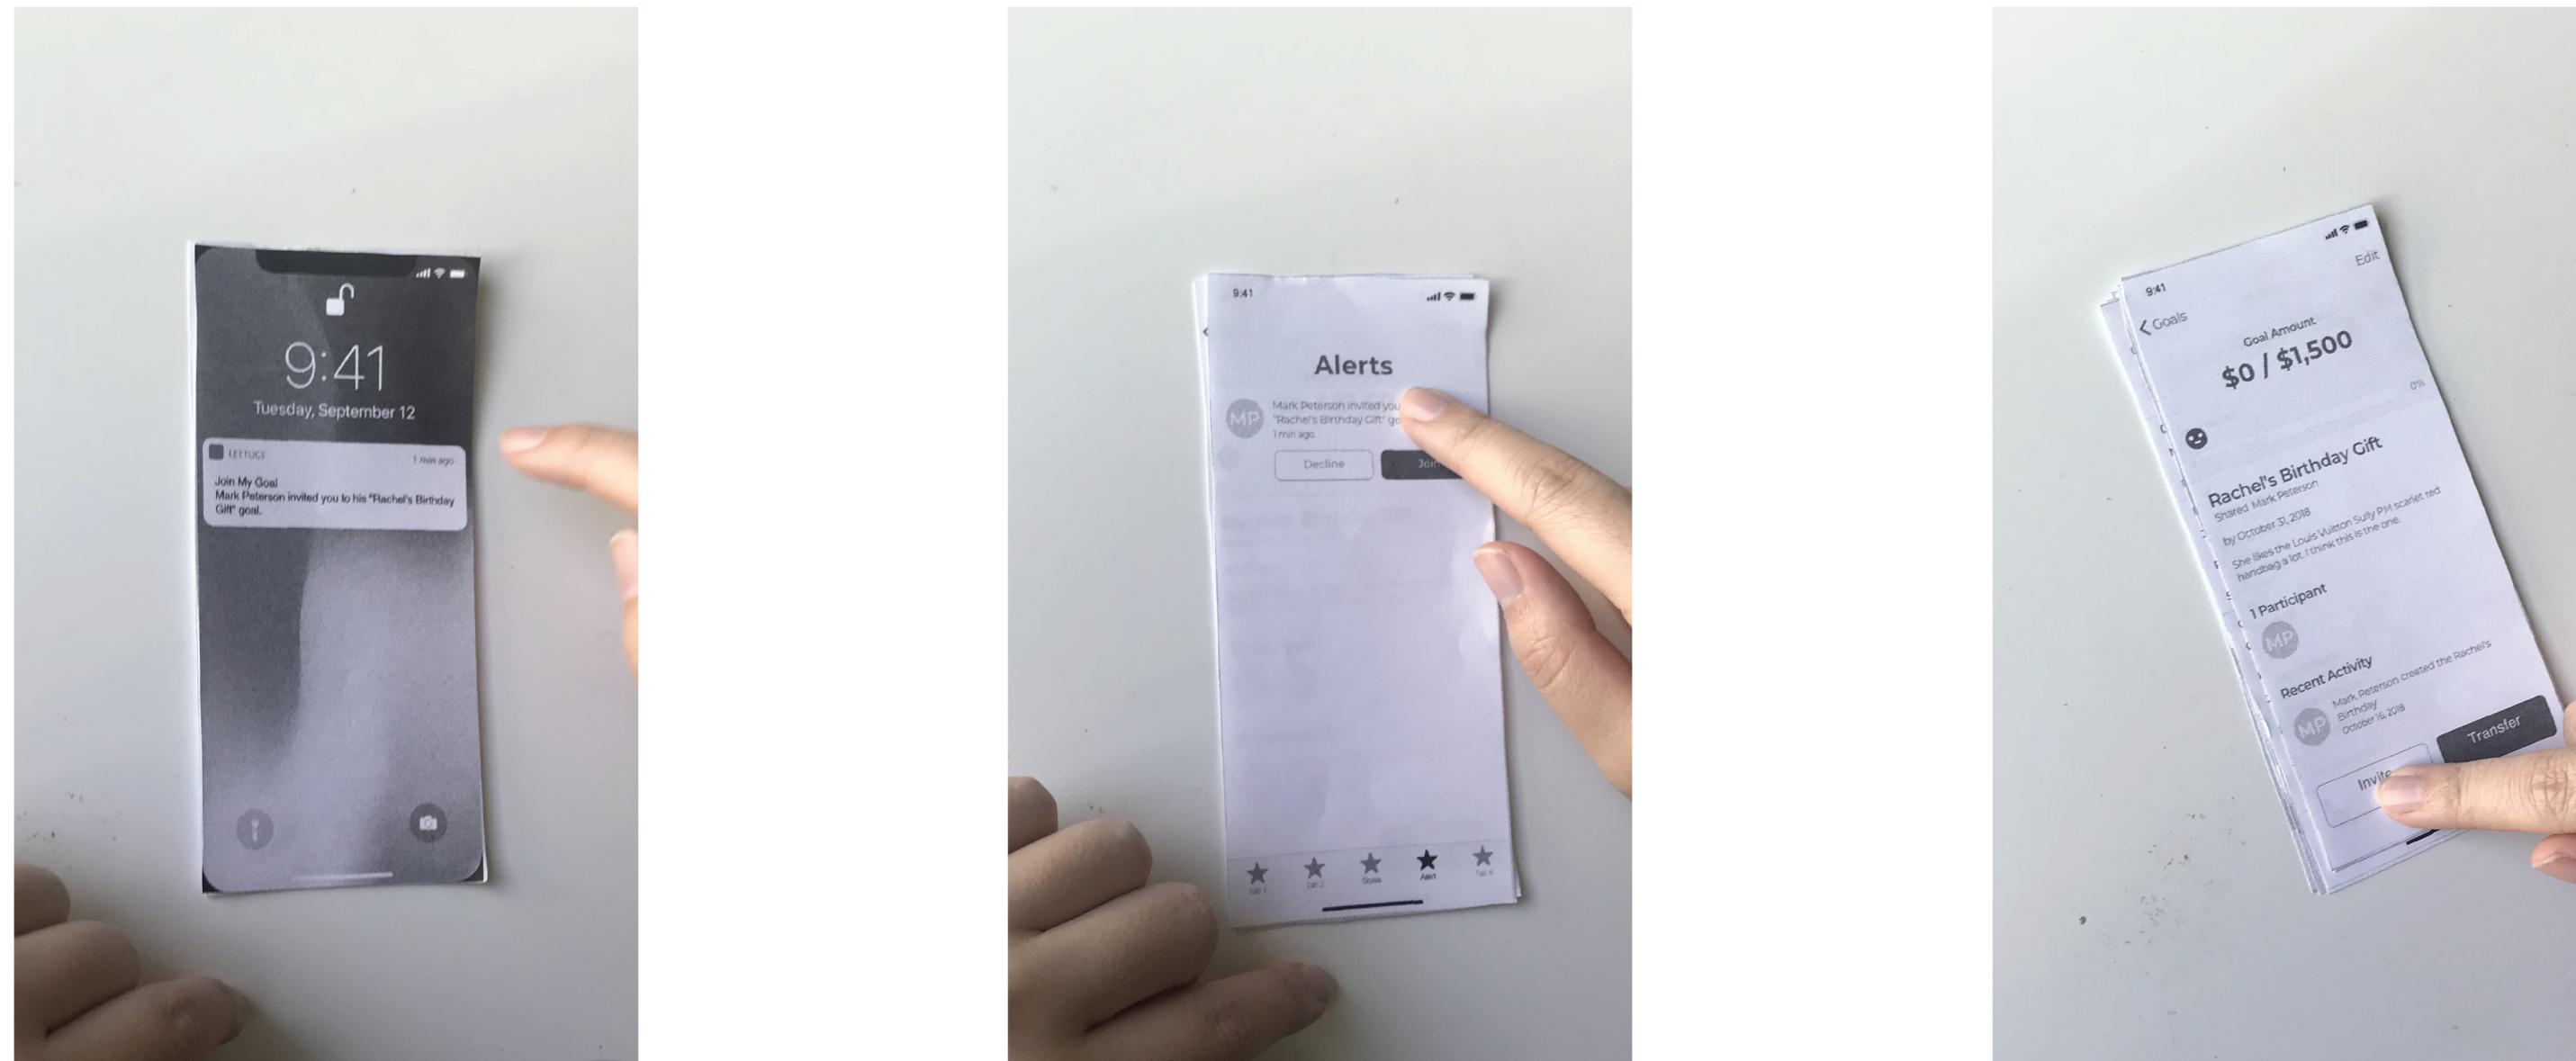

Confusion/Suggestion

- There are some unnecessary information in the confirmation transfer part.
- Most transfer part should have request/ send.
- Transfer money steps are complex, step by step is better to understand.

USER TESTING

Task: Accepting an invitation

Confusion/Suggestion

- After clicking the notification, just see part information about the goal. It need more information.
- The own's goal page and the participants' page should be different.
